STRIKE PUT OFF 48 HOURS

MEDIATORS WORKED ALL NIGHT AND ALL DAY IN HOPE AVERTING STRIKE

Brotherhood Chiefs Stood Out Against a Compromise But May Accept Nine Hours Instead of Ten

PRESIDENT READY TO TAKE MEASURES

Unless Mediators Succeed Freight Men On Southern And Eastern Roads Quit At 6 O'clock This Afternoon.

(International News Service.)

New York, March 17.—The threatened nation-wide strike was postponed for 48 hours this afternoon. Secretary of the Interior Lane made this announcement late this afternoon, after an all-night and all-day conference with the railroad heads and brotherhood men.

He issued the following statement: "At our request and out of appreciation for the national crisis, the brotherhood men and railroad chiefs have resumed negotiations. The brotherhoods have wired their general chairman asking that all action be postponed for 48 hours."

(International News Service.)

New York, March 17.—Chances of an agreement to end the strike "are good," Secretary of Interior Lane announced shortly before 2 o'clock this afternoon. Lane had just come from a brief conference with the railroad men. He said, however, he hoped to make a statement clearing up the entire matter at 3 o'clock. It was learned the brotherhood chiefs had not agreed to a postponement of the strike order. Secretary Lane has been working to obtain this postponement.

Secretary Lane, after making the announcement that there was a good chance for the strike to be settled, returned to the conference. He stated that he would make no further announcements until something definite had taken place. The situation hangs in the balance. If a strike is to be averted action must come quick.

(International News Service.)

Philadelphia, March 17.—Members of the four railroad brotherhoods today filed four suits in the United States circuit court here seeking to restrain the brotherhoods from calling a strike. The petition states that the authority conferred by the strike vote nine months ago has expired and that the officers have no authority to call a strike at this time.

U. S. Consuls Go Back To Mexico

(International News Service.)

Washington, March 17.—The United States today ordered its consuls back into Mexico. The consular officials were withdrawn about a year ago when conditions were so chaotic and relations between Carranza and the Washington government were strained.

BAPAUME HAS FALLEN; ALLIES WIN ALL POINTS

Great Stronghold On The Western Front Entered Today By Victorious British Troops. French Advance Two and One Half Miles On 13 Mile Front.

(International News Service.)

London, March 17.—The heavily fortified works of Bapaume, one of the chief objectives of the British for several months, fell to the British today, according to a dispatch from the front.

Transloy and Achiet Le Petit, around which heavy fighting was centered today, also were captured by the British.

The British entered the city amidst flames set by the Germans as they withdrew. The troops, however, did not stop in the fortifications, but pressed on after the retreating Germans. The capture of the shell-shattered fortification marks the completion of the second stage of the allied offensive in Picardy. Bapaume was the most important of the German defenses on the whole western front.

BERLIN ADMITS SUCCESSES FOR BRITISH AND FRENCH

(International News Service.)

Berlin, March 17.—Admission was made by the war office today that British and French troops have occupied German trenches in the district of Cailly, Pierre St. Vaast wood, Beuvraignes and Lessigny. But it was asserted that German troops had abandoned the position in accordance with pre-arranged.

BIG ADVANCE MOVEMENT BY THE FRENCH CLAIMED.

(International News Service.)

Paris, March 17.—French troops have advanced two and one-half miles over a front of 13 miles between the Aisne and Oise rivers, the war office announced today.

Berlin, March 17.—English troops on the eastern front have succeeded in occupying the railroad station of Torol in front of the German lines, the war office admitted today.

OVERALL FACTORY TO BE BUILT HERE BY LOCAL CAPITAL, COMMERCE BOARD ANNOUNCES TODAY

CIRCULAR LETTER INVITING SUBSCRIPTIONS IS BEING MAILED OUT TO ALL MEMBERS OF THE BODY TODAY.

SUPERINTENDENT OBTAINED

SUFFICIENT CAPITAL TO BUILD PLANT AND OPERATE IT ALREADY ASSURED, IT IS STATED.

Organization of a company, which will construct and operate a large overall factory here, was made today by the Albany Chamber of Commerce in a circular letter to members, offering an opportunity to subscribe to stock. The policies and control of the company will be determined at an early organization meeting of the subscribers, but it has been suggested that shares be issued in the amount of \$100 each and stock sold sufficient to insure successful operation.

Already a competent superintendent has been obtained and local business men today were enthusiastic over prospects for successful operation of the plant. It is said that sufficient capital has already been raised to insure success of the movement, but the directors of the commerce chamber decided it would be best to give every member an opportunity to participate and this plan will be carried out.

Subscription lists and further details can be obtained at the office of the chamber or by application to President W. R. Hall. It is stated the company will be organized solely with local capital.

It was pointed out today that the establishment of an overall factory here will have unusual advantages in the matter of freight rates and other marketing facilities. It is planned to make the "Albany Made" garments made known throughout the nation, but probably the largest sales will be made in the South. The plant here will be near some of the largest industrial centers of Dixie and the city enjoys cheap freight rates by rail and by water.

The overall factory, however, is not the only one in sight, it was said today. Several other industries are in prospect and if secured the public will be notified at once.

In order to successfully operate these industrial projects it is intended that sufficient financial foundation be furnished at the outset and these propositions will thus be solidified and made permanent.

The following is the letter being sent out by the Board of Commerce:

To All Members:
An opportunity is now offered every member of this association to subscribe to the capital stock of a local company about to be organized to manufacture overalls.

Sufficient subscriptions have already been made to insure the success of the movement, but every member is invited to participate.

While the policies and control of the company will be determined at an early organization meeting of the subscribers, it is suggested that shares be issued in the amount of \$100 each and stock sold, sufficient to insure successful operation.

A thoroughly competent superintendent has been secured and the business will be started under the most favorable conditions.

Apply at this office or to President W. R. Hall for particulars or the subscription lists.

Very truly yours,
ALBANY BOARD OF COMMERCE.
We consider this a very profitable investment; come in.

STANDARD OIL CO. TO BUILD HANDSOME RETAIL STATION TO SELL GASOLINE HERE

DEAL CLOSED BY CORPORATION TODAY WITH W. H. AYCOCK FOR OLD AIRDOME PROPERTY, AT FERRY AND LEE STREETS.

WILL OPEN BY MAY 1 ST

WILL BE HANDSOMEST RETAIL STATION IN ALABAMA, SAYS A SPECIAL AGENT OF COMPANY FROM BIRMINGHAM.

According to the terms of a contract closed this morning between W. H. Aycock and the Standard Oil Company, a retail branch of the big oil corporation to sell gasoline and motor lubricating oils will be in operation by May 1 on the site of the old Airdome property at the corner of Lee and Ferry streets.

The contract provides for the lease of a plot of land 70 by 50 feet for the sum of \$1,500 with the privilege of sale for \$5,000 cash within the next twelve months at the option of the Standard company. The deal was closed by a special agent of the company from Birmingham, E. L. Pauley. The erection of the new building will give the Twin Cities another handsome structure to which citizens may point with pride during the onward march of progress of Albany and Decatur. The building will be of glass and metal and special plots along the walls will be laid off for the cultivation of flowers and plants.

The building will be costly and beautiful, according to the announcement of the oil company. "It will be the best retail filling station in Alabama," the special agent is quoted as saying. "The station will be very beautiful."

This special agent was also quoted as saying that the result of the putting of the building here will be a reduction in the price of gasoline, thus stimulating the sale of automobiles. It is planned to sell gasoline to consumers at wholesale prices.

The oil company already maintains a tank depot here.

Austinville Auto Bus Has Resumed Service

All painted up a belligerent yellow, looking apic and span, the auto bus to Austinville got into action this morning. The bus will make regular trips from Dillehay Bros. store in South Albany to Austinville, although the schedule had not been announced this morning. Unlike the one that previously made this trip, the bus is not operated in connection with the traction company, and transfers will not be given, it was stated. The bus has a seating capacity of about 30 and is of the very latest design. It is believed that it will materially aid in solving the problem of transportation to and from Austinville.

PUBLIC WEDDING TO CLOSE AUTO SHOW TONIGHT AT TEN O'CLOCK ON MORGAN COUNTY PROGRAM

BLUSHING COUPLE GETS LICENSE AND PREACHER AND WILL MARRY BEFORE CROWDS AT MALONE COMPANY.

SHOW CLOSES AT 11:30 P. M.

VISITING AUTOMOBILE MEN HAVE NOTHING BUT PRAISE FOR BIG SHOW AND ITS PROGRESSIVE AND ENTERPRISING PROMOTERS

The first annual North Alabama automobile show will pass into history at 11 o'clock tonight when the band will play its last melody and the thousands of electric lights will be turned off by the Malone Coal, Grain and Motor Company, promoters of the epochal exhibit on Second avenue.

With the close of the show's program for Morgan County Day will come one of the most unique and interesting features of the entire four days' program.

It Will Be a Wedding!

The auto show's managers yesterday smeared a little printers' ink over a whole page in the Albany-Decatur Daily, advertising that \$25 in gold would be given to the couple who will get a preacher and a marriage license and be married before the big crowd at the show.

At 5 o'clock yesterday afternoon, shortly after the clarion-voiced newsboys announced the daily publication of the newspaper, the couple was secured. They blushing volunteered to undergo the ordeal and the Fourth Estate and the Malone Company had conspired together in the role of Cupid to make two hearts beat as one.

The wedding will take place promptly at 10 o'clock tonight. The ceremony will be performed from the band stand in the rear of the big show rooms. It will be a regular wedding with a regular minister and a regular license secured from the office of the probate judge of Morgan county at the county court house.

And if you come to the show along with the thousands of others who will be there, you will see the whole ceremony.

Auto Men Praise Show.

The auto show, a child of the brain of Baynard L. Malone of the promoting company, has been the subject of much praise this week from visiting auto men from all parts of the country. Henry B. Marks of Chicago, told a Daily reporter this morning that the city council "ought to vote Baynard Malone a resolution of thanks for his enterprise in helping put Albany and Decatur on the motor map."

"This show will do credit to any city," said Mr. Marks. "It is truly magnificent. Evidently a large sum of money has been spent here, and I congratulate the Twin Cities on having such a live wire citizen."

Demonstrators Are Busy.

The show has had the services of several auto experts from a distance who came to demonstrate several cars as well as to view the show. The Mitchell company is represented by Chas. B. Rehman, of Racine, Wis.; J. E. Price, of Birmingham, and William Lenniger, of Racine. James West has taken care of the Cadillac interests. Among other auto men who have been here are the following: H. A. Drennen, Birmingham; S. Waldman, of Chicago, and several others.

These demonstrators have advanced the interests of their companies immeasurably in this section of the South by their courteous and expert demonstrations of their cars.

Bad Weather Doesn't Hurt.

Contrary to the expectations of the management the bad weather of yesterday and the unusually heavy rainfall of last night did not hinder the crowds from coming to the automobile show. The big building was crowded just the same.

Despite the weather, Society Day (Continued on page two.)

REGENT ABDICATES AND RUSSIA JOINS LIST OF REPUBLICS

Startling Changes In Czar's Kingdom Have Resulted In Overthrow of Monarchy

JEWS ARE GIVEN POLITICAL LIBERTY

Press Unfettered, Elections Ordered and Many Reforms Instituted. Grand Duke Nicholas Military Dictator

(International News Service.)

Petrograd, March 17.—It was reported here today that Grand Duke Michael, brother of the Czar, has agreed to ascend to the throne of Russia if the people desire him.

Czar Nicholas today addressed a communication to the people in which he urged that Russia remain united and continue the war until success is attained. The Czar stated that strife having arisen in the beloved fatherland, that the imperial chair and the cabinet considered it advisable to abdicate.

(International News Service.)

London, March 17.—Reports reached London today of the death of Nicholas' only son, 13-year-old Alexis, and heir apparent to the Russian throne. The cause of his death was not stated. International News dispatches yesterday reported the Czarovitch dangerously ill from scarlet fever.

Copenhagen, March 17.—Czar Nicholas, the Czarina and all the members of his immediate family have been taken to the Crimea, according to a dispatch published here today by the National Tidende.

(Note:—Crimea is a peninsula of Russia on the Black Sea.)

Petrograd, March 17.—The republic of Russia is in the making today.

The most absolute monarchy of modern times is to be succeeded by one of the most liberal democracies of modern times.

Russians are "subjects" no longer. They are "citizens," and as such they are addressed by the new government in a proclamation of its intents and purposes.

The incredibly rapid whirl of events, the abdication of Czar Nicholas and his son, followed swiftly by the retirement of Grand Duke Michael as regent, has penetrated to the remotest corners of the empire and the new leaders declare there will be no turning back. Russia is to be free, they say.

Governmental reforms that even the most radical would not have believed possible a month ago are to succeed the autocratic decrees of the Romanoff dynasty.

Included in these are:

Emancipation of the Jews and abolition of all social, religious and national restrictions. Full political amnesty, which includes the opening of Siberia's doors to all political prisoners—the thousands who have been sent to a living death through inflicting the displeasure of the dynasty heads. Absolute liberty of speech and freedom of the press, for which hundreds have been executed in the past. Immediate amnesty to prisoners in exile who suffered because of their political or religious faith. Calling in the near future of communal elections to be based on universal suffrage and the convocation of the constitutional assembly. Vigorous prosecution of the war toward an honorable peace.

What is destined to rank as one of the world's most historic utterances was made by M. Kerenski, the new minister of justice, when in addressing a great throng before the Duma building he said: "Citizens, free Russia is now born. Long live free Russia."

The only possible straw in the path of the new government is the manner in which the six million troops at the front will receive the news of the overthrow of the Romanoff family. Monarchical ideas of servitude have been ingrained into many of them for generations. The heritage will not be easily thrown off. However, the republican ministers of the new coalition cabinet believe they have made a master stroke in choosing the Grand Duke Nicholas to be military dictator of the army for the duration of the war at least.

CREST OF RIVER RISE BY SUNDAY

HIGHEST WATER WILL BE ONLY NINETEEN FEET, SAYS BUREAU.

The crest after the rise of the river by Sunday will be only 19.5 feet, says the government river bureau report from Chattanooga this morning, thus allaying any fears of another flood. At Chattanooga this morning the river stood at 21.5; at Bridgeport, 14.1, and at Guntersville, 23.5. More than an inch of rain fell at all three places. A heavy rain also fell here and the river rose almost a foot during the night.

Armed Guards Placed About Railroad Bridge

Fearing that an attempt might be made to burn the Southern Railway bridge across the Tennessee river at Decatur, armed guards were last night placed at both approaches to the structure. This patrol will be maintained until the threatened railroad strike is settled, it was learned from unofficial sources. Original strike instructions provided for the walkout of all freight trainmen today on the Southern and L. & N. and for the strike of passenger men on Monday.

Won't Use Guard To Curb Strike

(International News Service.)

Washington, March 17.—War department officials again denied today that mobilization of the national guard is imminent as a result of the national crisis.

CERTAIN THAT AMERICA WILL RECOGNIZE NEW GOVERNMENT

Washington, March 17.—Recognition of the new government of Russia is certain so far as the United States is concerned.

The attitude adopted by this country of refusing recognition of new governments created as a result of the European war will not hold in this instance, officials say.

The state department so far has declined to make public any of the brief dispatches received from Ambassador Francis at Petrograd.

PUBLIC WEDDING
CLOSE AUTO SHOW

Continued from Page One.)
was a big success yesterday. Many came from Huntsville, Athens, Hartsville, Courtland, Trinity, Town Creek, Hillsboro, Elkmont, Cullman and other progressive sections of North Alabama.

More Wanted to Wed.

The Malone Company had more than one application for the \$25 prize for the public wedding, it leaked out this morning. Another blushing couple signified their willingness to plight their troth amid the picturesque and artistic confusion of cars and spectators at the show tonight. The first application, came, however, shortly after the announcement of the prize was made and it was accepted before the second application. It may be possible that both weddings will take place.

At any rate, tonight is the last night of the show and it will be filled with interesting stunts. It will be the biggest night of the big show. Visitors are invited to come early and stay late and all are welcome.

Liver Tonic Prevents
Many Cases Illness

Common sense can prevent many severe cases of illness. Everybody knows that the bowels should move every day, and at about the same time each day. When they do not, it is an indication that something is wrong. Right there is the time to use common sense.

Of course the sensible thing is to take something that will get the bowels acting regularly again.

You will find nothing so good for this liver laziness or constipation as 333 Liver Tonic. It is composed of pure laxative extracts of herbs, fruits and plants, in combination with pepsin, a digestant of great value. The effect is to tone up the liver and bowels, and restore you to health. The result is mild, and its use can never develop into a habit.

Father Gannon Of
Huntsville Dies

Father Gilbert J. Gannon, of the Catholic church at Huntsville, died this morning at 7:20 o'clock in St. Margaret's hospital at Montgomery after a long illness with tuberculosis, according to a telegram received shortly before noon by Father Kennedy of the local Catholic church.

Father Gannon was well known here and was stationed at Huntsville for eight months previous to his death today. His home was in Washington, D. C. Several weeks ago he left his Huntsville charge because of his ill health and went to Texas. He gradually grew weaker and decided to return home. En route he became worse and was unable to come further than Montgomery.

The funeral will be conducted at 10 o'clock Monday morning at Montgomery. The mother of the deceased will come from Washington for the services.

"The Bold, Brave, Black and Tans," a one-act play written by George M. Cohan. Eddie Ross, who will be remembered from former seasons, is still with the company and will have a brand new monologue.

The National Dish

THE story is told which credits Dolly Madison with serving the first Ice Cream in America at an official function while mistress of the White House.

The Idea came to her while dining at a Court function in England where a frozen custard was served, and upon her return to America she lost no time in experimenting with frozen dainties made from the rich cream secured from a nearby farm.

Mrs. Madison's frozen cream made such an instantaneous hit that it was taken up by official Washington and its use rapidly spread over the United States.

It is no wonder that the Ice Cream is today known as the National dish and its use has become so universal. Can you think of any function, no matter how formal, at which Ice Cream cannot be appropriately served?

We really know of no dish possessing the appetizing, refreshing and nutritious properties which are contained in good Ice Cream.

When you eat Ice Cream first be sure it is Jersey Ice Cream, the kind that's made at home and under conditions that you are invited to inspect. Jersey Ice Cream is sold by the best dealers in the city because they have found from experience that it is the purest and richest Ice Cream on the market, these merchants patronize home industry and invite your patronage in return.

Don't overlook your Sunday Dinner, you can always be supplied promptly with this delicious confection to suit your taste.

The New GOSSARD CORSETS for Spring

WHILE retaining all those qualities that have characterized and famed Gossard corsets in past seasons, they strike a new note in corsetry—a subtle change that is reflected in a more delicately beautiful outline and in an even more graceful flat back. Youth is the keynote in the style of these new Gossard models.

Without any undue pressure you are assured absolute comfort and freedom of movement because the Gossard secret of scientific boning assures the most perfect support where it is needed; proper breathing is induced and the whole body thrown into the healthful poise advocated by your physician.

This is the
Thirty-second Announcement and Proclamation of Gossard Corset Styles for Spring and Summer, 1917

The new models vary in height of bust and length of skirt—as they should—to meet the individual requirements of the various figure types, but the general tendency is toward less corset, lower bust and shorter skirts with a smaller waistline indicated by skillful designing rather than actually expressed.

Be fitted today to one of the many models designed for your figure type at \$2.00, \$2.50, \$3.50, \$4.25, \$5.00 and up. An expert corsetiere who understands your corset problems will deem it a pleasure to fit you without obligation.

SERIOUS SICKNESS**

By Being Constantly Supplied With
Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day.

NOTHING SHORT OF WAR WOULD INFLUENCE UNIONS

(International News Service.)
New York, March 17.—An 8-hour day with 10 hours pay for railroad workers is the only thing that can prevent the first move in the nationwide railway strike from being made tonight.

Brotherhood chiefs made this plain as they resumed their conferences this morning with the mediators appointed by President Wilson. They made it clear that under no circumstances would they back down. The mediators were plainly pessimistic as they entered the conference. They have about given up hope of a peaceful settlement.

It was learned this morning that the brotherhood chiefs told the mediators last night that they had determined upon a shown-down at this time. They informed the mediators that only a declaration of war at this time would keep them from insisting on an 8-hour day with 10 hours pay.

The members of President Wilson's cabinet who are acting as mediators are known to have come here armed with sweeping powers, but how great their powers are is undetermined. It is understood that President Wilson has authorized them to notify the disagreeing parties that he will use the full extent of his authority to prevent the transportation tie-up.

First attempts at settlement by the mediators were based entirely on loyalty and patriotism. It was authoritatively stated that the railway managers favored a compromise. The position of the managers will be that the roads accept the switchmen's award, pending a decision on the Adamson 8-hour law. This would give the men 9 hours pay for 8 hours work.

Paris Gunners Bring Down Zeppelin Raider

Paris, March 17.—A Zeppelin was shot down early today while attempting to raid Paris.

The huge bag was seen to catch fire high in the clouds and then fall to the ground, a flaming meteor. All of the crew were lost.

"The Difference Between Success and Failure Is the
Difference Between Looking-Over and Over-Looking"

There's a great stir all over the United States in building operations to-day. Cities are enlarging everywhere. So is this ever growing Ory-Cohen store progressing. It is not living on its forefather's work when present day store-keeping was not known, or occasional high pressure spasms, or plans of catch the people any way you can.

Our business was built up on a sound, solid basis. We retail merchandise only of reliable standards for contribution to our customers. And because our dealings are known as such and having the largest output of any store in Albany, by operating four successful stores, the Manufacturers in the East and our New York Resident Buyers have their eyes on us which enables us to get the pick of the best merchandise at lowest prices. Hence, we say we are in a better position to serve our trade to their advantage.

Our Men's and Boys' Clothing Department
